

Online Further Submission

Further Submitters Name Jamaica Zessner

Further Submitter 127

Further Submitter Number FS127

Wish to be heard Yes

FS qualifier a person who has an interest in the proposal that is greater than the interest the general public has (e.g. land owner, resource user)

FS qualifier reason You can't punish the majority for the fault of the minority!

By taking away these walking areas, you will create a bigger problem. These walkways are used to exercise dogs and we all know dogs who aren't exercised will create further behavior problems, potentially creating a very stressful relationship between the owner and the dog. Behavioural problem in the dog such as Stress, aggression, irritation and boredom will lead to destructive behaviors. We don't want this!

You are then causing more financial stress on the wider community as we will have to DRIVE to an area where we are allowed to walk our dogs - gas prices are VERY HIGH!

Not everyone has a backyard to exercise their dog either so we need options and space!

Joint presentation Yes
