

Far North District Council

Electing the Mayor

Clinton DEARLOVE

Ngati Wharekawa

My principal place of residence is in the Far North District Council area. I am also standing for Ngā Tai o Tokerau Māori Ward.

My Name is Clinton Dearlove, and I am a proud descendant of the North. I believe the two biggest issues facing everyone in the North these elections are the Three waters and SNA. FND residents led the biggest local response to these issues of the regions. This links us all-Municipal waste, drinking water, food security, environmental sustainability, local infrastructures and under SNA, your land out of your hands. I believe relationships with Universities, Industry, Iwi and Hapu collectives we, the FND residents using future technology today in our communities can address Municipal waste, environmental change, food, and water security and other important issues. We can comb the North for research and development opportunities to diversify our reach into the space industry, sustainable energy, future green homes today. Local solution, using global technology, caring for our communities of the Far North. I am SOVEREIGN as are you.
