

Far North District Council

Electing the Mayor

John VUJCICH

My principal place of residence is in the Far North District Council area. I am also standing for Kaikohe-Hokianga General Ward.

Privileged to serve as your local Councillor since 2013, I was born in the Hokianga and live in Kaikohe. I've been actively involved in business,

training and charitable projects in the North. My desire is to see healthy economic, environmental, social, and spiritual communities. With mandated centralisation of many Council services, local government will fundamentally change. I'm passionate about the Far North and together we can revitalise local government through: Empowered Community Boards and local communities given decision-making powers over issues that affect them; A "can do" council serving our people in partnership with communities and contractors to deliver more for less; Policies and processes that support investment in local towns, business, and people; Transparent governance, greater financial accountability and improved communication; Better Long Term planning, Council governance, asset management and innovative, affordable service delivery.

I have the commitment, experience, leadership skill, strategies, and vision, but need your support.
