School Sewerage Charges

Background

The Council recognises that schools may be disproportionately charged for sewerage services where there are a higher number of toilets in relation to the actual number of students enrolled in schools. This policy ensures that schools are equitably charged for sewerage services.

Policy Objective

To ensure equitable rating of educational establishments by providing relief for sewerage charges.

Scope

This policy applies to both General Title and Māori Freehold Land.

Policy Statements

Where the nominal number of pans is less than the actual number of pans, sewerage charges will be remitted on those pans that make up the difference between the two.

Conditions and Criteria

1. This policy applies to those educational establishments specified in Schedule 1, clause 6 of the Local Government (Rating) Act 2002.
2. The nominal pan number will be calculated as one pan per 20 students/staff members or part thereof.
3. This policy does not apply to residential dwellings on school property.
4. The number of students in an educational establishment is the number of students on its roll on 1 March of the year immediately before the year to which the charge relates.
5. The number of staff in an educational establishment is the number of full time teaching equivalent (FTTE) staff and full time equivalent (FTE) administration staff employed by that educational establishment on 1 March of the year immediately preceding the year to which the charge relates.
