SCOPE OF OPERATIONS FOR NP3 BUSINESSES

What does 'Scope of Operations' mean?

The term 'Scope of Operations' is used to describe the activities of your food business and also includes:

- the sector(s) a food business operates under the Food Act 2014,
- what products a food business makes and/or sells,
- how products are sourced and/or supplied,
- how products are processed, if applicable, and
- how products are sold.

Why do I need to complete a 'Scope of Operations'?

If you are operating a food business you need to tell your local council or Ministry for Primary Industries (MPI) exactly what your business does.

What do I need to do?

Complete this form and submit it with your application for registration to your local council or MPI.

Trading Operations

How do you source and supply your products / services?

Tick all the trading operations that your business is involved in.

Caterer	Mobile
Provides food, supplies and services for	Example: Food truck.
a social occasion or function or within an	
education or other facility.	On-licence
	Eat-in premises that sell alcohol for consumption
Eat-in premises	at the same location.
 Examples: Restaurant, café, residential care	
early childhood education (ECE) centres and	Retail
kōhanga reo.	 Examples: Supermarket, dairy or other premises
	selling direct to the consumer.
Export	
	Storage provider
Home delivery	Examples: Cold stores and warehouses.
Examples: Pizza delivery, meals-on-wheels and	
grocery delivery.	Takeaway
	Ready-to-eat meals sold for immediate
Import	consumption at another location.
Either as a registered food importer or through an	
agent who is a registered importer.	Transport provider
	Ambient or temperature-controlled transport.
Internet	
On-line selling of food products.	Wholesale
	Premises selling to retailers.
Market	
Example: Stall at farmers' or other market.	

Processes

What processes do you use in your food business?

		٦
1		

Acidification
