Further submission points

Raw FS number	Original submitter	Related Submission Point	Plan section	Provision	OS Decision Requested	SupportOppose	FS Decision requested	Reasons
FS61.1	Northland Federated Farmers of New Zealand	S421.203	Genetically modified organisms	Rules	Delete the restrictions on the control and management of genetically modified organisms and replace with reference to the processes and controls imposed by the EPA	Oppose	Disallow	Council needs any available method to enforce the pre-cautionary approach. Council's restriction does not duplicate any process, because any application for use of GE/GMO will be deemed unsuccessful. The rules are thus very clear for all farmers. I seek the following relief: retain as proposed in the draft PDP

FS61.2	Northland Federated Farmers of New Zealand	S421.201	Genetically modified organisms	GMO-O1	Retain the precautionary approach outlined in Objective GMO-O1	Support	Allow	I agree to retain the precautionary rules as stated also by the submitter Northland Federated Farmers in SS421.201, but oppose S421.203
