FS207.1	The BOI Watchdogs	S354.001	General	General / Process	Prepares a motherhood/policy statement/vision which makes it clear to FNDC management that responsible pet ownership is positive for our community, and enhances community wellbeing.This should also make it clear that complete transparency around dog bans or restrictions is required.	Support	Allow	<p>The proposed restriction on Dogs on the Paihia/ Opuia coastal walkway is disproportionate overreach of control. This area is used respectfully by responsible dog owners and the proposal is unduly punitive. There is no genuine threat to people, flora or fauna in this area.Single female walkers also gather security from dog accompaniment and their safety would be compromised by this measure.</p> <p>The proposal for restriction has been inadequately communicated to ratepayers and dog walkers. We urge that the status quo is maintained.</p>
