**Steve MCNALLY**

My principal place of residence is in the Bay of Islands-Whangaroa General Ward area.

Road maintenance, wastewater, stormwater and other key infrastructure must take a high priority in the Far North and, if nominated, my aim is to get things "back on track". I have extensive governance experience and a thorough knowledge of the Far North after many years living here and working in the property industry. Ensuring the Far North is open for business requires strategic management of all existing assets to provide existing infrastructure that can cope with future demands. I am a long-term Northland resident, experienced in property and Council processes, well educated, and a strategic thinker with a passion for improving the Far North. My focus will be the transparent management of ratepayers assets in a sustainable, affordable manner.
