S454.019	Transpower New Zealand Ltd	TEMPORARY ACTIVITIES	Not Stated	In the event of an unexpected outage in the electricity system, sometimes temporary generators are used to provide electricity for critical services such as lifeline utilities. These outages cannot be predicted but must be responded to when they occur. Such activities are not explicitly provided for as temporary activities. Transpower considers the definition requires amendment to ensure that it is clear this important activity is explicitly provided for.	Amend the definition of TEMPORARY ACTIVITIES as follows: means an activity that is temporary and limited in duration. It may include carnivals; concerts; fairs; festivals and events; markets and exhibitions; public meetings; parades; special events; sporting events; filming activities; temporary military training activities; temporary motorsport activities; temporary use of a generator to provide lifeline utilities and emergency response training by ambulances, Civil Defence, Coast Guard New Zealand, Fire and Emergency New Zealand, New Zealand Police, Land Search and Rescue, or Surf Life Saving New Zealand. It also includes buildings or structures accessory to temporary activities, temporary car parking areas, network utilities and the ancillary activities associated with the temporary activities. S217.003	New Zealand Defence Force	TA-O1	Support	It is appropriate to recognise the benefits of temporary activities, including TMTA, which contribute to the wellbeing of the community.	Retain this Objective as drafted.	Accept	
S217.004	New Zealand Defence Force	TA-O2	Support	It is appropriate that temporary activities manage any on-site or off-site adverse effects.	Retain this Objective as drafted.	Accept	
S217.005	New Zealand Defence Force	TA-P1	Support	It is important to recognise the social, economic and cultural benefits of TMTA. Being able to undertake TMTA across a wide range of locations is critical to ensuring that NZDF personnel are ready to respond to a military or civilian emergency or disaster, in New Zealand or overseas.	Retain this Policy as drafted.	Accept

S217.006	New Zealand Defence Force	TA-P2	Support	It is appropriate that the actual and potential effects from temporary activities are managed, including that they do not result in permanent adverse effects on the environment.	Retain this Policy as drafted.	Accept
S217.007	New Zealand Defence Force	Notes	Support	The explanatory note is helpful in ensuring consistent application of the TEMP Rules in relation to other chapters, including clarification that the rules in the temporary activities chapter take precedence over any rules in Part 3, with the exception of Designations.	Retain note as drafted.	Accept
S463.086	Waiaua Bay Farm Limited	TA-R1	Support	WBF supports the permitted allowance for temporary activity events but suggests refinements to make the performance standards clearer.	Amend Rule TA-R1 as follows: TA-R1 Temporary activity (excluding any activity listed in the rules below as permitted or restricted discretionary) PER-1 The site is not used for more than two temporary activity events per calendar year, and each the event does not exceed two consecutive days. PER-2 The temporary activity does not occur between outside the hours of 6.30am to 10.00pm on each day. PER-3 A maximum of 500 persons (excluding event staff) are hosted on the site each day. PER-4 Any accessory building or structure is removed within seven days of the temporary activity finishing. PER-5 The temporary activity complies with standards...	Accept in part
S503.050	Waitangi Limited	TA-R1	Not Stated	In regards to PER-1 relief is sought to enable a larger number of events to be held per calendar year, due to the number of events which are held on the site already. For PER-2 the lead up to Waitangi Day can have activities occurring on site before 6am and finishing after 10pm. Waitangi Day celebrations themselves start in the very early morning. We seek to exclude compliance with the temporary events rule to celebrate our national day at the birthplace of our nation. Relief is also sought in regards to PER-3 for the Waitangi Day event held at the Waitangi Treaty Grounds. This is a non-ticketed event and therefore attendance is unknown. Restrictions on the number of persons is not considered relevant in this instance, especially considering there are	Amend Per-1, PER-2 and PER-3 of Rule TA-R1 as follows: PER-1 The site is not used for more than two temporary activity events per calendar year, and the event does not exceed two consecutive days excluding the Waitangi Estate where a maximum of five events are allowed on the Treaty Grounds per calendar year. PER-2 The activity occurs between 6.30am to 10.00pm on each day, with the exception of the Waitangi Estate within a week either side of Waitangi Day. PER-3	Accept in part

				additional controls within this rule which will ensure adverse effects are less than minor.	A maximum of 500 persons on the site each day excluding the Waitangi Day event held at the Waitangi Treaty Grounds.	
FS51.15	Heritage New Zealand Poutere Taonga		Support	HNZPT supports the proposed amendments as the events on the Treaty Grounds are of national significance, specifically the events leading to and on Waitangi Day.	Allow	Accept in part
S217.008	New Zealand Defence Force	TA-R2	Support in part	It is appropriate to provide for TMTA as a permitted activity in the District-wide Matters Chapter, which applies across all zones in the Plan. TMTA are by their nature temporary and can vary in duration depending on the training being undertaken. It is also appropriate to exclude any set up and pack down activities from this duration limit. NZDF requests a Controlled Activity status for TMTA that do not meet the Permitted Activity standards. NZDF considers that this activity status is appropriate where the effects are known, and should apply when any of the permitted activity standards are not met	Amend this performance standard PER-2 to state: The duration of the activity does not exceed a collective total of 31 calendar consecutive days per year on any site, excluding set-up and pack-down activities. Amend to Controlled Activity status for TMTA where the activity is not permitted, with matters of control limited to the matters of any infringed standard.	Accept
S512.038	Fire and Emergency New Zealand	TA-R2	Support	Fire and Emergency support the permitted status for emergency services training as it enables Fire and Emergency to achieve its statutory function by facilitating firefighting and emergency response. Training may include live fire training (i.e. burning and putting out fires) and equipment training both at Fire and Emergency sites (see Table 1 for existing fire stations) and off site.	retain TA -R2	Accept
S416.036	KiwiRail Holdings Limited	TA-R3	Support in part	KiwiRail is concerned that the Plan appears to limit the establishment of temporary works sites which may be adjacent to transport or other infrastructure, but which may be required to be in place for some months to carry out the work are precluded under Rule TA-R3. For safety reasons it is not always possible to work from within a transport corridor. A discretionary status where a worksite is proposed adjacent to the corridor will not facilitate infrastructure works. Appropriate transport approvals (TA-S1) manage traffic effects.	Amend PER-1 of Rule TA-R3 (inferred) as follows: The temporary building or structure is located on the same or an adjacent site as the associated construction work or demolition.	Reject
