My working background is mainly in agriculture, research, biosecurity in our region and currently real estate in Kaikohe. I have demonstrated community leadership recently as a member of the Ohaeawai School Board of Trustees. I have a strong interest in sustaining natural resources and will use my knowledge (Master of Agriculture Science) and experience together with hard work to boost commitment for a thriving community.

If elected, the current initiatives I would support are: developing benefits to the community from the economic development at Ngawha and Lindvart Parks, sustainable solutions to the supply of drinking water, providing a safer community, and advocating for local issues and initiatives on behalf of residents.
