22	06/07/2020 02:59 PM	160	I choose FPP	Clean and easy.	Kerikeri	75+
23	06/07/2020 03:06 PM	158	I prefer STV	In FPP if your person misses out, then you have no voice on council. But with STV at least you have a chance with your 2nd or 3rd choice.	Pamapurua	65-74

32	06/07/2020 04:04 PM	320	I choose FPP	We have trouble getting people to vote at all in Council elections, so I think the and most familiar system should be	Kerikeri	65-74

68	07/07/2020 07:15 AM	604	I choose FPP	FPP because I always vote for a person that I am confident with, someone I know either personally or professionally. Whereas STV forces me to vote for strangers.	Kaitaia	45-54
69	07/07/2020 07:26 AM	406	I prefer STV	Because it indicates sequence of preferred to least popular. You get to indicate level of approval to all candidates - not just one.	Waipapa	45-54

80	07/07/2020 08:22 AM	418	I choose FPP	I believe if you vote for particular policy/values/approach to asset and social management you should not get two nudges at the pie if your first stance is not a preferred one by the wider community.		35-44
81	07/07/2020 08:24 AM	112	I prefer STV	Better reflection of candidates support	Paihia	55-64

83	07/07/2020 08:29 AM	452	I choose FPP	Sub becomes more complex the greater the number of candidates that you DONT know and need to rank it's almost impossible to do this fairly		65-74
84	07/07/2020 08:33 AM	537	I prefer STV	Fair system when voting for more than one vacancy.	Hokianga	45-54
85	07/07/2020 08:35 AM	432	I choose FPP	I believe it to be fairer than STV	Russell	55-64
87	07/07/2020 09:07 AM	420	I choose FPP	I want each voter to have only one vote.	Peria	45-54
88	07/07/2020 09:12 AM	250	I choose FPP	Well other countries may use STV, it sounds very complicated. Especially the quota - can see how this works when there are several positions - but we vote for one mayor - not several mayors.	Kaeo	35-44
89	07/07/2020 09:12 AM	173	I prefer STV	I was very disappointed by the results at the last election. Hoping this is fairer.	Kerikeri	65-74
90	07/07/2020 09:17 AM	878	I choose FPP	Easier to understand by voters	Waipapa	45-54
91	07/07/2020 09:55 AM	84	I prefer STV	this is a fairer more democratic system	Kerikeri	55-64
92	07/07/2020 09:56 AM	265	I prefer STV		Haruru	55-64
93	07/07/2020 10:02 AM	766	I choose FPP	Simply simple.	Kaikohe	25-34
94	07/07/2020 10:17 AM	315	I prefer STV	Under FPP a candidate can, does and HAS BEEN elected with as little as 10% of the votes which is ridiculous. Under STV EVERY vote counts, all DHB elections in New Zealand use the STV system	Haruru	75+
95	07/07/2020 10:23 AM	84	I prefer STV		Kerikeri	65-74
96	07/07/2020 10:24 AM	54			Kerikeri	65-74
97	07/07/2020 10:28 AM	62	I prefer STV	Better representation	Russell	35-44

99	07/07/2020 10:37 AM	113	I prefer STV	It is a fairer voting system for those who want to vote for a candidate unlikely to win and not waste their vote.	Russell	65-74
100	07/07/2020 10:39 AM	184	I choose FPP	It's simple		
101	07/07/2020 10:44 AM	106	I prefer STV	STV is more representative of voter intentions	Russell	75+
102	07/07/2020 10:48 AM	919	I prefer STV	it will get rid of 'dead votes'	Russell	45-54
103	07/07/2020 10:54 AM	1553	I prefer STV	Because very few votes are wasted; unlike First Past the Post, where the votes of all but the winning candidate are wasted. STV is a much more representative and inclusive voting system as it gives voters more choice than FPP. STV puts more power in the hands of voters.	Russell	65-74
104	07/07/2020 10:56 AM	96	I prefer STV	It seems more fair and less ruthless.	Moerewa	35-44
105	07/07/2020 10:58 AM	200	I choose FPP	First choice of the voter	Opua	45-54
106	07/07/2020 11:01 AM	172	I choose FPP	STV is unnecessarily complicated.	Ohaeawai	55-64
107	07/07/2020 11:11 AM	125	I choose FPP	It's hard enough to get people to vote , changing to something more confusing - May get a better vote for those who are passionate about voting but may dissuade thoughts they aren't	Russell	45-54
108	07/07/2020 11:17 AM	204	I choose FPP	It's easier to understand and more straightforward	Kaitaia	45-54

111	07/07/2020 11:32 AM	107	I prefer STV		Kerikeri	55-64
112	07/07/2020 11:49 AM	217	I prefer STV	FPP becomes a popularity vote where people are disenfranchised if their vote doesn't get counted due to the FPP popularity method. STV all votes are counted and contribute to the overall process.	Kerikeri	45-54
113	07/07/2020 11:52 AM	168	I prefer STV	More representative. Allows you to vote for the candidate you prefer, and not "waste" your vote because you think your candidate can't win a majority.	Russell	65-74
114	07/07/2020 11:54 AM	116	I choose FPP	Simple	Russell	35-44
115	07/07/2020 11:55 AM	135	I choose FPP		Russell	55-64
116	07/07/2020 11:59 AM	225	I prefer STV	I consider it will deliver the fairest result.	Opua	75+
117	07/07/2020 12:05 PM	730	I prefer STV	Most voters' votes were wasted at the last Local Govt election. FPP's meant 3 Te Hiku Councillors who won 20% or less of the total votes cast, won their seats! (80%+ people voted for someone else). STV will mean that every vote cast contributes towards the final results - closer to MMP, closer to effective democracy.	Kaitaia	65-74
118	07/07/2020 12:18 PM	81	I prefer STV	Fairer system, so even if my first choice isn't elected, at least my vote will still count!	Opua	25-34
119	07/07/2020 12:23 PM	359	I prefer STV	STV provides an elected member who has a wider preference than FPP does.	Karikari	65-74

296	09/07/2020 09:21 PM	1427	I prefer STV	Because it gives more people a chance to influence the outcome of an election, and the people who are elected are acceptable to a larger number of voters. Yes, there are some people who might struggle to understand the system initially, but I'm sure that this would improve as the system is used more. In fact, using the system may be the only way for people to truly understand how it works. There may be some election results in the early stages that may not completely reflect what some voters were hoping to achieve, but then FPP voting already gives a result that is often different from what most people wanted, especially when there are a lot more candidates than there are positions available. 301	10/07/2020 08:03 AM	102	I prefer STV	I believe FPP is a less proportionally representative system. STV is a fairer system for electing the most well liked	Kerikeri	25-34
302	10/07/2020 08:04 AM	189	I prefer STV	STV is more proportionally representative. More accurately captures peoples opinions.	Kerikeri	25-34
303	10/07/2020 08:10 AM	74	I choose FPP	STV leads to governmental paralysis.		65-74

313	10/07/2020 10:34 AM	153	I choose FPP	Because I feel you should only vote for 1 candidate the other way will dilute results. I also think there should be a cap on number of candidates	Haruru	35-44
314	10/07/2020 10:44 AM	77	I prefer STV	More fair	Coopers	65-74

319	10/07/2020 11:41 AM	1383	I prefer STV	Because it is a better way to determine the outcome that voters want.		
320	10/07/2020 11:54 AM	252	I prefer STV	Voter preference seems to be taken more seriously.	Kohukohu	75+
321	10/07/2020 11:59 AM	344		Nominees are put forward because of their strengths and the issues they are pushing. It's a democracy. No dictatorship--councils are under performing and lack accountability. People have no faith in the council White elephants. They are a confused organisation who let the country down and one man should never have that much cobtrol	Okaihau	45-54
322	10/07/2020 12:00 PM	107	I prefer STV	More fair	Omapere	65-74
323	10/07/2020 12:02 PM	860	I prefer STV	With so many applicants for positions, the total votes can be watered down such that an undesirable candidate can be found to have the most most among a large group of candidates all of whom didn't get many votes. The STV system allows for the spreading of the votes across a broader range of candidates. This his particularly useful when the person with the highest number of votes has attained that number of votes purely because too many people voted for other than that particular candidate . . . an indication that the candidate is not wanted in the winner's seat, but the other candidates lack the voting power to hoist them into a more fair final position.	Taheke	65-74
324	10/07/2020 12:04 PM	169	I prefer STV	I think it is a fairer and more democratic system	Kohukohu	65-74

336	10/07/2020 03:41 PM	131	I prefer STV	STV is a much more democratic solution	Omapere	55-64
337	10/07/2020 04:05 PM	243	I prefer STV	It avoids two-party, "status quo or change" type system by allowing constituents to vote for less popular candidates without fear that they have wasted their vote by not giving it to popular candidates that have a higher chance of winning. STV and preferential voting in general is a far better system to allow for representation voting and allows constituents to express their political beliefs in a more encompassing manner.	Kaitaia	18-24
338	10/07/2020 04:37 PM	382	I prefer STV	It gives the voters more choice.	Kaitaia	55-64
339	10/07/2020 05:06 PM	656	I prefer STV	STV is more representative of voters preferences overall. It is an amalgamation of all preferences, rather than the black & white, sometimes haphazard results of FPP..	Kohukohu	75+

347	10/07/2020 10:13 PM	179	I prefer STV	It is fairer than FPP. It means more people's votes count. More people are likely to have confidence in the Council/Mayor if they feel they contributed to electing them.	Opua	65-74
348	10/07/2020 10:13 PM	93	I prefer STV		Paihia	35-44

350	10/07/2020 11:39 PM	717	I choose FPP	by choosing STV, it could help preferences #2, #3 etc to have more votes in total than my #1, that'd why I choose FPP	Pawarenga	45-54
351	11/07/2020 06:05 AM	221	I choose FPP	Easier to understand	Russell	55-64
352	11/07/2020 06:16 AM	885	I prefer STV	It seems like a fairer way of deciding the second/ third/ fourth candidates and as a voter I would like the opportunity to rank my preferred candidates.	Mangonui	35-44
353	11/07/2020 08:15 AM	186	I choose FPP	It is simple and less time consuming.	Ohaeawai	25-34
354	11/07/2020 08:31 AM	24489	I prefer STV	Because the time is right to give it a go. People are paying more attention to who's in these elected positions, and their voices need to be represented.	Paihia	35-44
355	11/07/2020 08:45 AM	310	I choose FPP	Clear winners may get policies moving. Unlike MMP type systems where nothing happens	Waipapa	55-64

371	11/07/2020 04:38 PM	3169	I choose FPP	I choose FPP as it's a straight forward and clear system. With the STV system the results are usually not delivered on the same day as the vote, as more time is required to count the votes (therefore costing more!). And who knows what the "quota" is or will be? Or who decides the "quota"? We already have enough "bureaucrats" costing the taxpayer.	Haruru	55-64
372	11/07/2020 04:42 PM	188	I prefer STV	Because winning the election with only 30% of the vote is undemocratic and shows the majority of ratepayers wanted a different candidate. STV is much better for building consensus.		
374	11/07/2020 05:15 PM	159	I choose FPP	Simple	Kerikeri	75+
375	11/07/2020 05:22 PM	103	I choose FPP	We get a definite array of people not a hotch potch of the extremes	Kerikeri	55-64

391	12/07/2020 07:59 AM	131	I prefer STV	Stv is a truer representation of opinion and removed the risk of a candidate getting in who was voted for by a minority. It encourages participation on both sides. Fpp encourages a 2 party system, which we don't want.	Kerikeri	35-44
392	12/07/2020 08:59 AM	620	I prefer STV	Fairness	Mangamu	55-64

395	12/07/2020 11:17 AM	498	I prefer STV	Failing utilisation of the Maori role in the FNDC's voting system, STV is the closest option to giving Maori the means to vote for their own.	Paihia	65-74
396	12/07/2020 11:56 AM	156	I choose FPP	Fairest system - most votes wins	Russell	35-44

401	12/07/2020 06:56 PM	693	I choose FPP	It's easier to understand, we already have too many people not involved in the voting process, complicating the voting process could introduce another barrier to voting for whanau. The question you should be focusing on is how can we ensure that more whanau engage in the voting process. Maori representation must surely be part of the solution.	Ohaeawai	45-54

506	17/07/2020 10:52 AM	847	I choose FPP	First off I want to vote for a specific person to be mayor not some body who can win on a percentage of votes, all councilours should be voted for individually. the only change that I could accept is that every body voted to council elect the mayor at their first meeting as all other commitees do, thank you		65-74
507	17/07/2020 10:54 AM	160	I choose FPP	Simply because I feel this is the easiest to understand for the wider community. After talking to some elderly people this is what was voiced to me< "oh no, too confusing. I like the way we do it now."	Awanui	45-54

526	18/07/2020 12:22 PM	398	I choose FPP	STV is not democratic. Voters who's vote for a candidate after that candidate has reached their quota, essentially get 2 votes. Their first choice is in and then their 2nd choice is counted. Other voter may only get 1 vote. Also there is far more room for vote manipulation.	Kerikeri	55-64

592	21/07/2020 12:14 AM	528	I prefer STV	STV, because in a 'three horse race' it prevents a noxious and minority candidate getting elected by splitting the opposition vote. eg : nazi candidate 35%, Lab 33%, Lib 32% in first round. Then second round Lab 65%, nazi 35%. See?	Opononi	55-64
593	21/07/2020 07:32 AM	199	I choose FPP	It's fair. You get the votes you win.	Kawakawa	45-54
594	21/07/2020 07:41 AM	138	I prefer STV	Sharing the pipi which can't be used by the losing candidates might be better. Might as well try something different. Can always go back to FPP	Kaikōhe	25-34

602	21/07/2020 12:16 PM	220	I prefer STV	Pros: less blunt, hopefully more representative. Cons: voters need to have it explained properly. People need to understand how the votes get distributed down the chain and the importance of choosing your voting order carefully.	Russell	65-74
604	22/07/2020 08:51 PM	148	I prefer STV	Because it means the candidate that wins is supported by the most people. We have had elections with people elected with quite small % of support from the community.	Kaikōhe	25-34

607	23/07/2020 02:34 PM	218	I choose FPP	Because a rating population has a mix of skills and abilities and FPP is easier to use.	Kaikōhe	75+

609	23/07/2020 04:08 PM	337	I choose FPP	This is reflective of the person who you have actually chosen. A choice can be made and that is what is adhered to. I do not agree with transfer votes to a lesser choice.	Kerikeri	55-64

630	25/07/2020 10:49 AM	274	I choose FPP	because your vote is only used once and for what you want, unlike STV, where your vote could be transferred to a candidate you didn't want so they reach a quota.	Haruru	55-64
631	26/07/2020 08:54 AM	162	I choose FPP	FPP is not perfect, but STV is complex, and many people struggle to understand how it works, resulting in some unusual results (I have watched the Australian system for some years, and seen some of the "random" results that occur)	Kerikeri	65-74

Hard Copy 6			FPP	It is the method most Nzers are familiar with and has served us well for a long time. The fact that STV is used in Australia and USA is not a particularly good recommendation.
